

INDUSTRIAL PIONEERS
FARAYAND CO.

Oil, Gas
& Petrochemical

Oil, Gas & Petrochemicals

I.P.F introduction

Industrial Pioneers Farayand (IPF) Company, as an EPC contractor, has two decades experiences in fields of chemical, oil, gas, petrochemical and mineral plants & units. The progress and improvements made on the related local industries and the necessity of the access to machinery with special alloys encouraged this company to direct the continuous progress and blooming along with development, by obtaining & transferring technology, enhancing & strengthening engineering and manufacturing department. In this regard, IPF activities in Oil, Gas & Petrochemical field are as follow:

- Providing Solutions & Technology Transfer
- Fabrication of Special Equipment
- Procurement of Special Equipment
- Engineering, Procurement and Construction (EPC) of related Plants

IPF Experiences in Providing Solutions & Technology Transfer

- Vapor recovery unit (VRU) technology form ECOTECH (Australia).
- Glass & polymer lining equipment, to increases corrosive resistance. (For the first time in Middle East)
- Cryogenic air separation unit technology from XAL Co. (china)
- Evaporation & Crystallization Technology from HPD Co.
- Material selection for high corrosive services
- Waste water treatment of desalination unit by evaporation technology (Zero-Liquid Discharge-ZLD)
- Spent sulphuric acid recovery
- Ion Exchange Resin Tower
- Chiller for Olefin Plant
- Waste Water Treatment Plant

INDUSTRIAL PIONEERS
FARAYAND CO.

IPF Experiences in Engineering and Fabrication of Special Equipment

- Chemical Injection Packages
- Glass & Polymer Lining Equipment for High Corrosive Services
- DM Water Package Specially Mixed Bed as Major Part for New Utility Unit for Abadan Refinery
- Acid Sulphuric Absorption Tower for - Sarcheshmeh Copper Industries Plant
- Mixers, Vessels, Dryers, Filters, Heat Exchangers and ...

IPF Services for Procurement of Special Equipment

- Procurement Engineering
- Local & Foreign Supply
- L/C Opening
- Contracting
- Custom Clearance

IPF Experiences in Procurement of Special Equipment

- Explosion-Proof compressor from CompAir Co. for Gachsaran Oil & Gas Company
- 27000 Titanium Pipes for Bandar Abbas Oil Refining Company.
- Seamless Stainless Steel Pipes & Fittings Material for Ilam Refinery
- API 675 Pumps for South Pars Oil Field & Shiraz Petrochemical
- Combined Level Gauge & Transmitters for South Pars Oil Field & Shiraz Petrochemical
