

IndustrialPioneersFarayand Co.

Utility Packages

Capabilities

Air Production and Separation

Nitrogen Production-Cryogenic Technology
Hydrogen Purification-Membrane Technology

Refrigeration

Chilled Water Packages-R132 or Similar

Chemical Dosing Packages

Water Production

Deminalized Water
Desalinated Water (Evaporation Method)

Produced Water/Waste Water Treatment

CPI/TPI
IGF
DAF
Thickening

Special Waste Treatment

ZLD (Zero Liquid Discharge Evaporation Units)
LPG Merox Waste Treatment

Water Treatment

Polishing Plants

I.P.F.

Address: Unit 7, No. 10, 1st Kowsar St,
Tohid sq, Tehran, Iran

Pargar Graphic (021 - 883 183 37)

Process Packages

Capabilities

Chemical Processing

- Neutralization Packages
- Chemical Preparation and Dosing Packages
- Caustic Desolving Packages
- Hypochlorite-Electro Chlorination Packages

Desalting Packages

- Electro Static Method

Recovery Unites

- SRU (Sulphur Recovery Units)
- VRU (Vapor Recovery Units)-Activated Carbon Method
- Waste Water Recovery Units For Instance Recovery Of Chemical Plant

Waste Water

- Spent Caustic and Spent Acid Recovery Units

Material Handling

- Bucket Elevator
- Pneumatic Conveying Packages
